

Dräger X-am[®] 2800 Multi-Gas Detector

The X-am 2800 multi-gas detector measures up to four gases and is equipped with a shock-resistant CatEx SR sensor. With the Dräger Gas Detection Connect software, it offers live monitoring and powerful fleet management. Designed for personal monitoring, the X-am 2800 offers the highest level of safety at a low cost of ownership.

Benefits

Powerful data analysis in the cloud

Networking capability provides safety and efficiency: Transfer your recorded data directly and conveniently via Bluetooth to a smartphone and the Gas Detection Connect software. As an alternative, you can also transfer the data directly to the cloud with the X-dock test station, providing secure access to your data and its analysis anytime and anywhere with access to the internet.

Comfortable Fleet Management

Manage your fleet of equipment comfortably and efficiently with the X-am 2800. Save operating costs and time with fast tests, using the automatic test station X-dock, with low gas consumption or mechanical bump test station. Further advantages include powerful fleet management via our smart software solution, convenient firmware updates in the X-dock, an optional RFID transponder, and individual color marking of the devices. Sensors are durable and devices remain operational for years, with easy-to-replace spare parts, including the power supply. Dräger provides a 4-year manufacturer's warranty on the basic device, and is compatible with X-am 2500 accessories.

Tailor-Made Gas Monitoring

The X-am 2800 is small and lightweight, comfortable to wear, and easy-to-use, with large buttons for ease of use while wearing gloves. The display clearly shows important information, such as gas readings, alarms and time. The green D-light indicates that the unit is ready for use, with a simple interface. For added safety, the oxygen channel has four alarm thresholds, real pre-alarms, and main alarms for falling and rising concentrations. The X-am 2800 is approved for use in Ex zone 0, and has been tested according to protection class IP 68.

Sensors: Durable and Powerful

The newly-developed CatEx SR sensor calibrates within seconds and protects against shocks, measuring flammable vapors, such as gasoline, diesel, and nonane. The unit can also be set to measure methane, propane, hydrogen, and many other gases. The performance is complemented by Dräger's simple cross calibration concept, in which the measurement gas, calibration gas, and bump test gas can be specified individually. The X-am 2800 calculates the necessary conversations after testing, and the sensor meets the new IEC standard 60079-29-1 (International Electrotechnical Commission) standards.

With decades of experience in sensor technology, Dräger develops and produces the sensors itself, including the powerful and durable electrochemical sensors in the XXS format, resulting in lower operating costs.

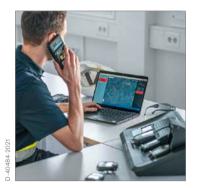

Benefits

Focus on Sustainability

During the development of the X-am 2800, sustainability was priority. The durable Dräger sensors and the rechargeable power supply, which can be easily replaced with one screw, ensure a long service life. Almost all spare parts can be replaced by trained users, with remaining parts repaired by Dräger Service. In addition, the X-am 2800 is compatible with accessories from the previous series. Upon request, a reduced number of instructional manuals will be supplied, saving paper, and recycling of old devices is available.

System Components

Gas Detection Connect

Dräger Gas Detection Connect is your connection to the digital future of occupational safety. The system connects individual Dräger products through a smart software solution. Thanks to location- and time-independent access, you always have access to the position and status of your gas detection equipment and workers, allowing you to protect your workforce and increase the efficiency of your plant.

Dräger X-dock® 5300/6300/6600

The Dräger X-dock® series provides you with full control of your portable Dräger gas detection instruments. Automatic bump tests and calibrations with reduced test gas consumption and short testing times save time and money. Comprehensive documentation and evaluations provide you with a clear overview.

Dräger Bump Test Station

Easy to use, stand-alone, and portable. With the Bump Test Station, you can easily carry out functionality tests of gas detection and warning devices.

Test gases and accessories

Regular calibrations and function tests are necessary for the safe operation of your equipment and are required by governing agencies. Dräger offers a full line of test gases and accessories to keep you in compliance.

System Components

Dräger CC-Vision® & Dräger Gas-Vision®

PC software for setting parameters, testing/adjusting, and reading the data.

Accessories

Charging set

Desktop charger for individual or bulk charging of instruments. Worldwide adapters are also available.

400000

Product Service

Dräger's service packages, available in our local shops or on-site at your facility, feature preventive maintenance, service, and original replacement parts to keep your equipment working and minimize downtime.

Training

The Dräger Academy has imparted well-founded and practical knowledge for over 40 years, the Dräger Academy has provided workers with the tools needed to effectively use our equipment. With over 110 authorized trainers and more than 600 available topics, we conduct over 2,400 training sessions each year, and customized training programs are available.

Rental Service

Whether it's to alleviate a temporary shortage of equipment or to procure equipment for specific applications; DrägerRental Service is an economical alternative to purchasing. Choose from our 65,000 piece inventory as well as a wide range of additional services available upon request.

Related Products

Dräger X-am® 3500

The Dräger X-am® 3500, a 1- to 4-gas detector, reliably detects flammable gases and vapors as well as O_2 , CO, H_2S , NO_2 , and SO_2 . The innovative signalling design and extensive range of accessories ensure optimum safety and easy handling.

Dräger X-am® 8000

This 1- to 7-gas detector monitors toxic and flammable gases as well as vapors and oxygen at once – in either pump or diffusion mode. Innovative signalling design and additional functions ensure safety and convenience.

Pump accessories	
Dräger X-am® Pump (external pump)	8327115
GP600 Probe (plastic), with Luer connection	8328667
Telescopic probe ES 150, stainless steel (connection for filter is included in SN 8319364 (dust/water filter)).	8316533
Floating probe (transparent), with adapter	8327654
5 m (16 ft) FKM hose, 3.2 mm, with adapters	8325705
10 m (32 ft) FKM hose, 3.2 mm, with adapters	8325706
20 m (66 ft) FKM hose, 3.2 mm, with adapters	8325707
45 m (148 ft) FKM hose, 3.2 mm, with adapters	8325712
Dust and water filter for pump inlet (replacement filter)	8319364
Dust and water filter for pump inlet (replacement filter, 20 pieces)	3705997
Confined space entry kit (free measuring) with external pump and 5 m (16 ft) FKM hose	8327117
Empty case, with space for X-am® 1/2/5x00, charging accessories, probe, gas cylinder, pump, 3 m (10 ft) hose and	8327112
much more.	
Other probes and hoses	On request
Calibration accessories	
Calibration adapter for Dräger X-am® 1/2/5x00	8318752
Further versions and accessories Dräger X-dock®	Please contact Dräger
Automatic test station Dräger X-dock® 5300 (with master) 1/2/5x00	8321880
Dräger X-dock module X-am 125	8321890
Dräger X-dock module X-am 125+ (with charging function)	8321891
Dräger Bump Test Station for Dräger X-am® 1/2/5x00 (without gas cylinder)	8319131
Test gas: CH4 2.5 vol%, O ₂ 17 vol%, CO 100 ppm, H ₂ S 25 ppm	4594655
Test gas: Other types	Please contact Dräger
Other accessories (hoses, valves, etc.)	Please contact Dräger
Accessories for measured value acquisition and configuration	
Dräger CC-Vision	Freeware
	(www.draeger.com/
	software)
Dräger GasVision license key	8325646
Drager Gas vision license key	Trial Version
	(www.draeger.com/
	software)
USB DIRA with USB cable, communication adapter infrared to USB (Note: Positioning is done with the calibration	8317409
cradle. Pn: 8318752).	
Dräger Gas Detection Connect	
GDC Intro License	3719332
includes: Access, infrastructure, connection of up to 99 X-dock stations, 5,000 credits, valid for one year after activation.	
GDC Basic License	3719809
includes: IT infrastructure (data storage, maintenance, automatic feature updates, troubleshooting). 24/7 support, access	
GDC Asset License	3719810
includes: Definable number of X-dock stations, requires the Basic License	
GDC Asset Lite	3719811
includes: One X-dock station, non-expandable, does not require a Basic License	
GDC Credits	3719814
	33011
includes: Definable number of credits for sending live data, orderable in packages of 1000 credits.	

Other accessories

Leather carrying case (black)	8318755
Transponder reader (for reading the optionally integrated RFID transponder)	6559283
Set of stickers X-am 2800/5800 silver (10x)	3703852
Set of stickers X-am 2800/5800 red (10x)	3703853
Set of stickers X-am 2800/5800 blue (10x)	3703854
Set of stickers X-am 2800/5800 yellow (10x)	3703855
Set of stickers X-am 2800/5800 green (10x)	3703856
Set display protection cover X-am 2800/5800 (10x)	3703857
E-set Upgrade RFID transponder (5 pcs.) (with adhesive tape)	3703898
Seal ring extractor (for changing XXS sensors).	R21402
(Selected sensors are supplied with a similar tool ex works).
